

A formal dinner table is set with a deep blue tablecloth. Four white wicker chairs with cane backs are arranged around the table. The table is elegantly decorated with white glassware, lit candles in tall holders, and centerpieces of pink and red flowers. The background is a dramatic, multi-tiered red velvet curtain.

OUR PROCESS

Initial engagement

Creating a beautifully curated event begins with understanding your vision. Simply complete our enquiry questionnaire and include any inspiration or reference images to help us bring your ideas to life.

Curation

Once we get all your inspo we will put together a comprehensive quote based on your requirements. If required a consultation can be requested so that we can discuss the quote in detail

Secure your order

In order to secure your booking a 50% deposit will be required with the remainder payable 7 days before your event. Final guest numbers and hire requirements must be confirmed one month before the event.

Mock Setup

We offer the option of a mock table setup by appointment. This will allow you to better visualise your selected decor items

Our Terms & Conditions

1. To ensure that all parties accept responsibility for the quotation supplied, we have adopted a policy that no booking will be confirmed until the client commits to the quotation by means of a 50% non-refundable deposit as reflected on the quotation.

2. In an effort to ensure client satisfaction and availability of any hired / purchased items quoted for, we will source only high quality items at competitive prices from our network of reputable suppliers with whom we have worked on numerous successful events. This often entails paying deposits on your behalf, which are not refunded to us in cases of cancellations.

3. All quotations are valid for seven (7) days unless otherwise specified on the quotation. The items specified on the quotation will only be booked and confirmed once acceptance of the quote has been acknowledged and payment of the 50% non-refundable deposit has been made. We encourage all clients to confirm acceptance as soon as possible to ensure product availability as well as the best pricing.

4. If any quantities change for the event, we require confirmation of these quantities by no later than fourteen (14) days prior to the delivery date. Your quote will be amended and sent to you for final payment. NB: No changes will be accepted within fourteen (14) days of the planned event unless written confirmation has been received from us.

5. The balance of the quotation along with the breakage fee needs to be paid seven (7) days prior to your event taking place. Failure to do so will result in us not delivering the hired / purchased items. The 50% non-refundable deposit will be forfeited in the event of this occurring and will be used to offset any costs associated with assisting you on your booking.

6. It is the client's responsibility to ensure that all items required for your event are reflected correctly on the quotation. Items that are omitted from the final quotation will not be delivered and we cannot be held accountable for this following the event. We therefore encourage you to go through your final quotation in detail to ensure complete satisfaction.

7. Our lighting division is committed to delivering the highest possible standard in terms of final look, installation timeline as well as product performance. As we work with numerous variables that can affect performance, we cannot be held liable for any delay in the delivery of our service or the performance of our service should there be factors outside of our own control. We will always strive to over deliver on the requirements as interpreted by us and our team. Please note that these temporary installations do not come with any COC for the work done.

8. Our draping division is committed to delivering the highest possible standard in terms of final look, installation timeline as well as product performance. As we work with numerous variables that can affect performance, we cannot be held liable for any delay in the delivery of our service or the performance of our service should there be factors outside of our own control. We will always strive to over deliver on the requirements as interpreted by us and our team. Please note that we do not offer any fire-retardant treatments to our draping material but would be happy to recommend reputable suppliers to assist with this requirement.

9. Should you have any specific OHS requirements for your event, we request that this be discussed in detail during the quotation stage of our interaction to ensure this is costed into the booking. While we do follow standard safety guidelines, there may be specific requirements unique to specific venues and setup styles that do not align with the requirements you may have. We wish to ensure a seamless effective installation while respecting the requirements of our clients and their venues.

10. We are not responsible to pack out any of the hired items on delivery at the venue unless this has been included in your quotation reflected as a setup fee or if pre-arrangement has been agreed to in writing by us. Should you have any last minute setup requirements, we will gladly assist you as best we can. This does however require us to spend additional time at the venue and might result in additional staff being used on the day. This might therefore result in an additional cost being levied on your quotation.

11. We request that all hired items be returned in the same condition they were delivered in. Please ensure all packaging containers as well as material is kept and not thrown away so that this can be used for collection purposes.

12. If any damages have occurred while the hired items have been in the client's possession and work needs to be done on them, we will utilise the breakage fee to offset these costs. In the event that the breakage fee does not cover these costs, the client remains responsible to cover these costs.

13. We reserve the right to offset any bank charges over and above normal local EFT bank charges levied by our bank. We will deduct any surplus charge over and above normal EFT transactional costs and offset it against your breakage fee upon refund.

14. It is noted that payments originating / being made from / to bank accounts outside South Africa carry heavy local transactional costs. We will deduct any surplus charge of an international payment over and above normal EFT transactional costs and either offset it against your deposit or alternatively deduct it from your breakage fee upon refund.

15. Please be advised that surcharges may be levied should the delivery or collection need to be done on a Sunday, public holiday or outside of our standard trading hours. The surcharge levied may vary dependant on the unique requirements of the booking.

16. The breakage fee will be refunded to you within five (5) working days after the hired items have been returned to our warehouse in a favourable condition.

17. We cannot be held liable for any delay in our performance due to circumstances beyond our control, such as but not limited to floods, fire, strikes, sabotage, lock outs and late delivery by subcontractors.

18. While we are committed to deliver a professional service to the client, in no event could we be held liable for any special, incidental or consequential damages, whatever the cause of such damages, and our liability for direct damages in aggregate is limited to the value of our quotation.

A photograph of a wedding toast. In the center, a pyramid of clear champagne glasses is being filled with champagne. Two hands, one from a woman on the left and one from a man in a tuxedo on the right, are pouring champagne from dark bottles into the top glasses. A large, frothy head of foam is visible in the top glass. The background consists of draped, light-colored fabric.
